RESPONSE TO NOTICE OF MISSING REQUIREMENTS

Assistant Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

October 11, 2005

Sir:

In response to the Notice of Missing Requirements Under 35 U.S.C. 371 in the United States Designated/Elected Office mailed August 8, 2005, applicants submit herewith the oath or declaration of the inventors. The surcharge of \$130 for furnishing the oath or declaration later than 30 months from the earliest claimed priority date (see Code 1617/2617) was paid at the time of filing the application.

At this time, applicants note that the Notification of Missing Requirements also required the submission of a substitute sequence listing. However, while the present application discloses chemical compounds, applicants respectfully submit that the specification does not disclose or suggest any amino acid

and/or nucleotide sequences that would require the submission of a sequence listing pursuant to 37 CFR §1.821-1.825. Thus, applicants respectfully request that this requirement be withdrawn.

Respectfully submitted,
